

INTERNSHIP PROPOSAL

Kehitysyhteistyöjärjestöjen EU-yhdistys Kehys / Finnish NGDO Platform to the EU

The Finnish NGDO Platform to the EU (Kehys) is an advocacy network for Finnish civil society organisations. Kehys is interested in European Union's actions to tackle global poverty. Kehys influences Finland's positions as a member of the EU and EU's actions that have an impact on developing countries. Kehys serves CSOs by promoting cooperation and networking between Finnish and European CSOs, disseminating information about EU's development policy and development cooperation, and providing training and counselling on EU funding opportunities. Kehys has two main sets of activities: advocacy and civil society capacity building. As an advocacy network the main objective of Kehys is to promote EU's different policies so that they will support reduction of poverty and inequality, and realization of human rights and equal opportunities. As an advocacy network and civil society capacity builder, the purpose of Kehys is to enable Finnish CSOs to follow and participate actively in discussion and action at European level. Kehys provides an opportunity for the Finnish civil society to influence EU development policy as members of a network while strengthening the capacity to be full-fledged members of the network. Kehys will continue to build the capacity of Finnish CSOs regarding EU development policy and EU funding instruments. Kehys is the Finnish national platform of the European Confederation for Relief and Development NGOs, CONCORD. Through Kehys facilitation, Finnish CSOs are represented in CONCORD working groups and engage actively in European discussion.

Position title: Research and Publication Trainee

Position purpose: The Finnish NGDO Platform to the EU, Kehys, is looking for an Erasmus+ -intern for 4-6 months. Kehys advocates and promotes debate about EU development policy, and focuses especially on policy coherence for sustainable development and global citizenship.
